## Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE! READ! READ! READ!

Joy to the World !- Hope for the Afflicted !- More

Testimony from Home!

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture!

This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is extensively and favorably known:

sively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's
Tincture has effected a most extraordinary cure of my slave
boy, Albert. The patient was three years old, and had the
Scrofula—(his father was scrofulous.) The boy was a moving
mass of scree from head to foot; the upper lids of the eyes
were much swollen, and turned inside out, exhibiting horrible mattering uleers that protruded over the cyc-balls so as
to produce blindness. It is strange, yet true, this child, that
I felt resigned to see die as a relief from suffering, has been
restored to health under the treatment of Dr. Hampton.

"W. P. THOMASSON.

"Louisville, March 20, 1851."

REV. VERNON ESKRIDGE, U. S. N. Greater weight of Testimony cannot be given.

PORTSMOUTH, VA., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candoricompels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable Tincture!"

This certificate is from one of our largest and most enter-prising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

BALTIMORE, Feb. 4, 1852. Messrs. Mortimer d Movebray—Gents: Having been aflicted with Chronic Inflammatory Rheumatism for some
ime, in its worst form, I tried every remedy that came
within my reach, without any success; in fact, my sufferags increased with every new remedy I tried, until I was
carcely able to walk, from the dreadful pains and swelling
n my limbs. I had also an ulcer formed on my right wrist,
which gave me intense pain.

which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the SusWhen in this condition is the susWhen it is t When in this condition, Mr. Scott, Conductor on the Sus-quehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair.
The ulcer on my wrist is now entirely cured, and I am in
the enjoyment of the very best health, with no symptoms
of my old disease; all of which I feel bound to say I owe to
the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it
to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health

for some time: no medicine seemed to reach ner case, or to do her any good, until I gave her this Tincture of Hamp-ton's, which soon restored her to robust health. I do there-fore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully, ELISHAP, HORNE.

Monekton Mills, Baltimore county.

Stronger-Still Stronger ! Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our most highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this city:

Mesers. Mortimer & Mowbray—Gentlemen: It is with real phasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rhemmatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully,

R. R.—I can be seen any time at the Meyor's office. G. D. BALTIMORE, Feb. 9, 1852.

A CLOUD OF WITNESSES. A CLOUD OF WITNESSES.

We have certificates from Captain Canot, brother to the eminent physician to Louis Napoleon, President of the French republic, who was cured of Rheumatism of seven years' standing; one from Robt Gault, do., of seven years; one from Mr. Oldham, Baltimore Custom-house, of a dreadful case of dyspepsia; one from Jno. Luke, of a case of dyspepsia and general debility; and one from J. K. Stapleton, esq., of Baltimore, with hundreds of others.

Beggars.

The following remarks from the New Orleans Crescent are strictly applicable to every city in the Union :

Beggars certainly abound. They creep steal-

thily through our streets, grope feebly through our public bar-rooms; infest the entrance to our principal places of resort; ioiter plendingly around groups of gentlemen; arrest the passer-by upon the streets; are in the doorway of the theatre, hotel, or church-always with hand outstretched for the expected coin. They are right sturdy in their appeals: we had almost said demands. A mere "Nothing to-day" or "No money to spare," will not repulse them. They hang round the marked object or objects of

their solicitation until, frequently, some small

coin is given them to rid one's self of their pres-

ence and importunity. Then, they pass on, to renew the same persecuting infliction upon some

new victim. Hundreds give to them, with no other view than to get rid of them; and none of

the hundreds know whether the gift is worthily or unworthily bestowed-is charity or waste. The beggars have learned the virtues of persevering annoyance to force a contribution from unwilling victims. How much of what is given relieves or aids real aupers, would be an interesting question for examination, if we could arrive at the facts. A large portion of it unquestionably goes to imposters apon public charity, the lazy and vicious; and it

becomes a matter of some interest to know if the

osition Certainly those known as professional beggars should be taken up; the young sent to the House of Refuge, the old to the Work-house. There are some who are very poor, but always honest; these will not be classed among professional beggars; the distinction is easily made. But even for these we are convinced charities should be provided only through the agency of the authorities and police, acting as dispensers of the lib-eral humanity which should sway every heart and order kindliness and improved comfort and hopeful patience in our social system. It is only through the authorities and the police we can know the deserving from the undeserving : and, in any case, it would be a wholesome improvement to remove some of the regular traders in eggary from our streets.
